

## Set up your phone to catch more website leads

1. Install WhatsApp Desktop on your computer.
2. Add your Leads Email inbox to your phone.
3. Turn on email notifications.
4. Save your lead inbox to your phone home screen.
5. When a lead arrives, reply quickly using WhatsApp.
6. Check your weekly 247ChatMate summary email.

**Faster replies help turn website visitors into real enquiries.**

### Short version

- WhatsApp Desktop installed
- Leads Email on your phone
- Notifications turned on
- Lead inbox saved to home screen
- Reply quickly when a lead arrives
- Check your weekly summary

247ChatMate helps start the conversation. Fast replies help win the job.
